

Photo Organization

\$200 - \$500

This in-home, private consultation will help you organize your photos and learn basic editing techniques.

Areas of instruction:

- ❖ establish an efficient workflow for importing and organizing your photos, one that is customized to your needs
- ❖ select a professional back-up system that will keep your photo memories safe and always accessible
- ❖ improve your photos by learning to recognize the best ones and alter the others to be equally pleasing to the eye
- ❖ become selective about your photos, learn which ones are most useful, and the reasons behind keeping only those
- ❖ use your favourite pics to create slideshows, photo books, and other photo products, along with canvas prints, framed enlargements, and plaque-mounted images

Kim Flowers
Photographer

Ms. Flowers is an internationally published, award-winning photographer with a Bachelor of Arts from York University. For more than a decade, she has been shooting portraits, weddings, and other events, while also working at both photography stores and studios. Additionally, she has participated in many photography classes and workshops, including several led by well-known Canadian photographers.

Contact Us

We'd love to meet you, answer any questions you may have, or even set up a consultation or workshop, just to get you started. For more information and samples of our work, please visit our website, send us an e-mail, or give us a call.

Elements of Visual Design

\$250 - \$500

Learn the difference between looking and seeing, and gain an understanding of the basic elements of visual design. Workshops will be in a small group or a one-on-one setting for a minimum of two hours, in a location pre-selected by the participants.

We will explore how to make the most of available light while creating remarkable photos with emotional resonance that embody your own personal style. Several images created by participants will receive an in-depth critique and discussion, designed to encourage future individual improvement.

Areas of instruction:

- ❖ selective focus/depth of field
- ❖ point of view/camera angle
- ❖ composition/framing
- ❖ lines/diagonals
- ❖ colour/texture
- ❖ lighting

Get the Best Out of Your Camera

\$250 - \$500

Become comfortable with your camera and move beyond shooting on 'automatic.' Choose the location for this two-hour minimum consultation, or allow the photographer to select one that best suits your camera, interests, and ability.

Areas of instruction:

- ❖ receive an overview of the elements of visual design; this includes composition, framing, depth of field, colour, and lighting
- ❖ become familiar with any shooting modes and other settings your camera may have
- ❖ acquire tips and tricks to improve and optimize your photos with any camera
- ❖ learn how best to hold your specific camera, and try out some mechanical options as well
- ❖ bring some questions for your instructor and a way to take notes, along with sample photos you have previously taken, and be ready to learn a bit about yourself.

Travel Special

\$500 - \$1,000

This consultation provides a special opportunity to learn about creating extraordinary images before and during your vacation, all at your convenience. Following your return, in-home visits will assist you in selecting the best photos with the most personal meaning. They will be assembled into a bound and printed photo book, making your friends and family really wish they were there.

- ❖ receive an overview of visual design, including framing, colour, and lighting
- ❖ become familiar with the common pitfalls of taking photos at outdoor locations and inside public buildings
- ❖ communicate with us through e-mail, online chat, or video call, during your vacation and on your schedule
- ❖ learn to recognize the difference between standard vacation photos and those that are truly unique and artistic
- ❖ includes 20-page hardcover photo book
